2019 ITLOS MOOT COURT COMPETITION

In partnership with the *Dom Helder* Law School

CLARIFICATION QUESTIONS

All questions submitted by the teams were duly considered.

The organization of the 2019 ITLOS MOOT COURT COMPETITION reserved itself the right to establish a criteria to answer these Clarification Questions sent by the teams. Questions that are not contained in this document were not answered due to the fact that they filled the following criteria:

- i) questions that sought clarification or information about facts that are clear in the Hypothetical Problem, where reasonable inference can be drawn; and
- ii) questions whose answers were unnecessary for the purposes of pleading or arguing claims in the current case.

Providing answers to such questions would either direct arguments of teams or point them to a line of argument.

Clarifications are provided for the following questions:

1) Does the “red line” marked in the Annex I: Map of the Sea of Corals expresses the delimitation of the Exclusive Economic Zone (EEZ) of Republic of Disali, Kingdom of Brismania and People’s Republic of Nova Bahia?

YES

2) Do the six warning shots were fired inside the limits of the Exclusive Economic Zone (EEZ) of Brismania?

YES

IBDMAR
